CNC Router /Knife Cutting

Profile and 3D Cut Components

Services

Fast and Efficient 2D/3D Profile cutting
55W laser cutter/ engraver with rotary axis
Quick Turn Around
2D & 3D Precision Engineered Components
2D Laser Digitising over 1500 x 3000.
3D and 2D Cad Modeling / Design & sales.
4th Axis 2,5m long machining.
Rapid Part Prototyping

Industries:

Food and beverage
Bottling
Pharmaceutical
Marine
Plastic fabricators
General engineering
Sign writers
Flooring
Orthotics
Surf Board
Packaging
Vacuum Forming
Gaskets
Composites

Acrylic Polycarbonate
ABS
PE and EVA Foam
Polystyrene &
Polyurethane Foam
Timber and MDF
Plywood
Laminates
Phenolic Laminates
Rubber Matting ETC>

Machines in Action

- a. hydraulic slip disc
- b. quad bike axle
- c. tool foam
- d. work bench
- e. drive gear
- f. racing hull plug
- g. zodiac plug
- h. blow mold
- i. airplane cowling
- j. bottling components
- k. 4th axis
- l. pvc tube cut on 4th
- m. 50mm aluminum clutch hub
- n. t-rex 12mm ply
- o. MT-series
- p. dagger board
- q. cutting aluminum
- r. aluminum plug
